

6TH GRADE CURRICULUM OVERVIEW

Bible	1. The Bible 2. Building on the Rock: The Christian Worldview (Summit Ministries)
Math	1. The Bible 2. Arithmetic 6 (Abeka) 3. Math-Aids & Super Teacher Worksheets (Supplements)
Science	1. The Bible 2. Science 6, 4th ed. (BJU Press)
Social Studies	1. The Bible 2. Heritage Studies 6: Ancient Civilizations: 4th ed. (BJU Press)
English	1. The Bible 2. Shurley English
Literature	1. The Bible 2. Novel Units (BJU Press) • Possible Novel Units Include: <i>The Book of Three</i>; <i>Island of the Blue Dolphins</i>; <i>A Single Shard</i>; <i>A Father's Promise</i> 3. Novel Units (Progeny Press) • Possible Novel Units Include: <i>Among the Hidden</i>; <i>The Magician's Nephew</i>; <i>Roll of Thunder, Hear My Cry</i>; <i>The Horse and His Boy</i>; <i>The Westing Game</i>
Penmanship	1. Handwriting Emphasized in Various Subjects
Health/PE	1. The Bible 2. Health, Safety, and Manners 1 (Abeka) 3. Various Health and PE Equipment
Music	1. The Bible 2. Selected Song Books and Various Instruments
Art	1. The Bible 2. Various Art Resource Books & Prints
Spanish	1. The Bible 2. Various Spanish Resource Books
Commissioning Warriors Leadership & Discipling Program	1. The Bible 2. Discipleship Training & Mentoring 3. Leadership Training

Evergreen Academy's 6th grade curriculum fosters both intellectual and spiritual growth, integrating Christian principles across all subjects. The Summit Worldview Ministry Bible curriculum helps students develop a biblical worldview, guiding them to apply Christian values in everyday life while fostering moral reflection and ethical decision-making. The math program focuses on mastering fundamental concepts like fractions, decimals, and geometry through a mastery-based approach, building both competence and confidence. Shurley English combines traditional grammar instruction with interactive activities, enhancing writing, speaking, and critical thinking skills, while Progeny Press literature fosters a love of reading and deepens students' ability to analyze texts with biblical insights. Science and social studies are taught through the BJU Press curriculum, exploring creation, natural science, history, and geography from a Christian perspective, encouraging students to see God's influence in both the world and history. This comprehensive, faith-based curriculum ensures academic success while cultivating spiritual maturity, critical thinking, and ethical decision-making.

6TH GRADE BIBLE CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

Development of a Biblical worldview based on God's Word is the foundation for living the Christian life. Immersing students in Scripture content begins at an early age through grade-level Bible curriculum and biblical integration in every core curriculum. The study of God's Word leads students to the acquisition of knowledge, understanding, and wisdom, guiding them in the development of godly inner character and the pursuit of a personal saving relationship with Jesus Christ. Students' spiritual, emotional, and intellectual needs are met as they commit Scripture to memory, lead an active prayer life, and apply biblical truths daily.

COURSE OBJECTIVE:

The course objectives are to equip our 6th grade students with a strong foundational understanding of a biblical worldview, enabling them to confidently answer key questions about God, the universe, humanity, truth, and morality, while also learning to compare and contrast Christian beliefs with other competing worldviews like naturalism, Islam, and new spirituality, ultimately preparing them to defend their faith and apply Christian principles in their daily lives; essentially, to "walk in truth" by actively integrating their Christian beliefs into their decision-making and interactions with the world around them. An emphasis will also be placed on teaching students about the important and various aspects of discipleship.

RESOURCES/TEXTBOOK:

1. The ESV Bible
2. Walking in Truth: The Christian Worldview (Summit Curriculum)
3. "Heroes of the Faith" Series

TIME ALLOTMENT: 50 minutes per day, 4 to 5 days a week, 2 semesters

COURSE CONTENT:

- Knowing God's Word
- Bible Study Skills
- Biblical Worldview Questions about God, the universe, people, truth, and right and wrong
- The birth, early growth, and persecution of the church.
- Peter takes the gospel to the Gentiles.
- The spread of the gospel to Judea and Samaria.
- The spread of the gospel to Syria, Greece, and Turkey.
- The spread of the gospel to the ends of the earth.
- Paul's arrest, trial, and journey to Rome.

AREAS TO BE EVALUATED:

- Class Participation (discussions and experiments)
- Scripture Memory
- Worksheets
- Class Activities
- Homework and Projects

WHY DID EA CHOOSE SUMMIT WORLDVIEW BIBLE CURRICULUM FOR 6TH GRADE?

EA chose the Summit Worldview 6th Grade Bible Curriculum: "Walking in Truth: The Christian Worldview" because it challenges our 6th graders to go beyond surface-level understanding and engage deeply with biblical truth. By encouraging critical thinking, helping students analyze cultural issues, and empowering them to apply biblical principles to their personal lives, the curriculum equips our 6th graders to develop a biblical worldview.

1. Biblical Foundation of Truth

- This curriculum emphasizes the biblical understanding of truth, focusing on the fact that God is the source of all truth (John 14:6). Our 6th graders are taught that truth is objective, absolute, and rooted in God's Word. This foundation challenges them to think critically about the nature of truth in a world that often rejects absolute truth.

2. Exploring the Christian Worldview

- Our 6th graders learn the Christian worldview—that the Bible provides the ultimate lens through which to view all of life, including creation, morality, human nature, and the purpose of life. They are introduced to the key questions of worldview: Who is God? Who am I? What is the meaning of life?

3. Critical Thinking and Worldview Analysis

- This curriculum emphasizes the importance of critical thinking. Our 6th graders are taught to examine various worldviews, beliefs, and philosophies that they encounter in society, comparing them to the Christian worldview. This process of worldview analysis helps students identify false beliefs and false narratives and enables them to defend the truth of the Christian faith.

4. Engaging with Cultural Issues

- This curriculum encourages our 6th graders to engage with cultural issues such as ethics, morality, justice, and human rights through the lens of Scripture. They learn to apply biblical principles to contemporary debates on issues like abortion, marriage, social justice, and the sanctity of life, equipping them to make wise, biblically informed decisions.

5. God's Design for Creation and Human Purpose

- Our 6th graders are taught that God created the world with purpose and that all aspects of creation reflect His design and glory. Topics include the Creation Mandate, the Fall, and redemption through Christ to help students understand their role as image-bearers and their purpose in God's plan for the world.

6. Moral and Ethical Decision-Making

- This curriculum emphasizes that the Christian worldview shapes ethical decision-making. Our 6th graders are taught how to make moral choices in light of Scripture, considering what is right and wrong based on God's revealed will.

7. Application of Biblical Truth to Personal Life

- This curriculum focuses on how to apply biblical truth to personal life. Our 6th graders are encouraged to live out their faith by practicing biblical principles in everyday situations such as school, relationships, and personal choices.

8. The Role of Christ in the Christian Worldview

- Central to this curriculum is the understanding that Jesus Christ is the foundation of the Christian worldview. Our 6th graders learn that Christ's life, death, and resurrection are the basis for understanding human identity, purpose, and the restoration of creation.

9. The Call to Evangelism and Apologetics

- This curriculum encourages our 6th graders to be witnesses for Christ and to engage in apologetics—defending and explaining the faith to others. They are taught how to articulate and defend the Christian worldview when faced with questions and challenges.

6TH GRADE MATH CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

Mathematical truths serve as a profound testament to the inherent orderliness, precision, and unwavering consistency that is believed to emanate from the divine essence of God. Much like the Creator's intricate design of the universe, human creativity frequently finds itself intricately intertwined with the profound comprehension of mathematical principles. Delving into the realm of mathematical concepts not only enriches our cognitive capacities but also illuminates our understanding of various expressions across diverse facets of life, further attesting to the divine harmony that underlies the fabric of existence.

COURSE OBJECTIVE:

The course objective of EA's 6th grade math program is to emphasize a balanced approach that combines both spiraling (review) and mastery-based learning, ensuring students reinforce previous concepts while achieving deep understanding and proficiency in new mathematical skills. The Abeka Math curriculum for 6th grade provides a comprehensive and structured approach to developing strong mathematical skills. It focuses on building a solid foundation in key concepts such as fractions, decimals, percentages, geometry, and basic algebra. The curriculum is designed to encourage problem-solving abilities, critical thinking, and mastery of mathematical operations through clear explanations, practice exercises, and real-world applications. By integrating review and new material, Abeka ensures that students not only grasp mathematical concepts but also develop the confidence to apply them in various contexts.

RESOURCES/TEXTBOOK:

1. The ESV Bible
2. Arithmetic 6 (Abeka)
3. Math-Aids & Super Teacher Worksheets (Supplements)
4. Math Manipulatives

TIME ALLOTMENT: 50 minutes per day, 5 days a week, 2 semesters

COURSE CONTENT:

- Whole Numbers
- Fractions
- Decimals
- Percentages
- Ratios & Proportions
- Geometry
- Algebraic Concepts
- Word Problems
- Measurements
- Data and Probability

AREAS TO BE EVALUATED:

- Tests
- Quizzes
- Dailey Work

WHY DID EA CHOOSE THE ABEKA MATH CURRICULUM FOR 6TH GRADE?

EA chose the Abeka 6th grade math curriculum because of its rigorous approach and comprehensive structure, providing students with a solid foundation in mathematical concepts. It emphasizes both computational fluency and problem-solving skills, allowing students to gain confidence and mastery in topics such as fractions, decimals, ratios, and geometry. The curriculum is designed with a progressive, step-by-step format, ensuring that each concept is thoroughly understood before moving on to more complex material. With a blend of conceptual instruction, ample practice problems, and consistent review, Abeka's approach fosters critical thinking and analytical skills. The curriculum's focus on accuracy and mastery also prepares students for future success in higher-level math courses.

1. Clear, Step-by-Step Instructions

- The Abeka 6th grade math curriculum provides clear, incremental steps in teaching concepts, making it easier for students to understand and master one skill before moving on to the next.

2. Comprehensive Math Curriculum/Program

- This program covers a wide range of topics, ensuring a well-rounded math education. It includes arithmetic, geometry, measurement, fractions, decimals, percentages, and more, all within a single academic year.

3. Emphasis on Mastery

- The Abeka 6th grade math curriculum prioritizes mastery of concepts before students move on to more advanced topics. It incorporates regular practice and review to reinforce understanding and ensure long-term retention. This structured approach helps students build a strong mathematical foundation.

4. Spiral Review

- The Abeka 6th grade math curriculum emphasizes mastering core concepts before advancing to more complex topics. It includes consistent practice and review to reinforce understanding and promote retention. This methodical approach ensures students develop a solid foundation in mathematics.

5. Engaging Visuals and Resources

- Abeka incorporates colorful visuals, charts, and illustrations that help students better grasp complex math concepts. The visual aids are designed to make learning more interactive and engaging.

6. Comprehensive Educator Support

- Abeka provides detailed teacher's guides, answer keys, and supplementary resources to support educators in delivering lessons efficiently. These materials are designed to help teachers plan and execute lessons with ease. As a result, they save valuable preparation time and ensure effective instruction.

7. Biblically Integrated Approach

- The Abeka 6th grade math program thoughtfully integrates a biblical worldview into the curriculum, emphasizing Christian principles alongside academic content. By incorporating faith-based perspectives, the program encourages students to see the relevance of biblical truths in all areas of learning, including mathematics.

8. Comprehensive Assessments Emphasis

- The Abeka 6th grade math program incorporates regular quizzes, tests, and reviews to assess student progress. These assessments help pinpoint areas where additional focus is needed. As a result, teachers can provide targeted support and adjust instruction accordingly.

9. Extensive and Comprehensive Practice

- Abeka's 6th grade curriculum offers a wide range of exercises that provide students with ample practice. This approach ensures mastery of the material while helping students build fluency and confidence in applying their math skills.

6TH GRADE SCIENCE CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

The natural world was created by the word of God and reveals facets of the character and nature of God. Science is taught through problem solving, hands-on experiments, observation and conclusions. Science education should provide students with an understanding of His created world, creating a sense of awe and wonder concerning God. Foundations of science understanding can be used for further study and academic preparation to equip students to compassionately care for people and wisely steward creation.

COURSE OBJECTIVE:

The objective of the BJU Press 6th Grade Science course is to provide students with a comprehensive understanding of scientific principles across physical science, life science, and earth science. Through hands-on experiments, inquiry-based learning, and critical thinking activities, students will explore scientific concepts, develop problem-solving skills, and gain a deeper appreciation for the natural world. The course will also integrate a Christian worldview, helping students understand the relationship between science and faith while fostering curiosity and analytical thinking.

RESOURCES/TEXTBOOK:

1. The Bible
2. Science 6, 4th ed. (BJU Press)
3. Various Experiential Learning Activities

TIME ALLOTMENT: 50 minutes per day, 5 days per week, 2 semesters

COURSE CONTENT:

- Earth Quakes and Volcanoes
- Weathering and Erosion
- Cells and Classifications
- Animal Classifications
- Plant Classifications
- Atoms and Molecules
- Electricity and Magnetism
- Stars
- Solar System
- Heredity and Genetics
- Nervous and Immune System

AREAS TO BE EVALUATED:

- Class Participation,
- Activities, Experiments
- Projects, Homework
- Tests
- Quizzes
- Projects

WHY DID EA CHOOSE BJU PRESS SCIENCE CURRICULUM FOR 6TH GRADE?

The BJU Press 6th Grade Science curriculum offers a comprehensive and engaging approach to science education, covering key areas such as physical science, life science, and earth science. One of its primary strengths is its hands-on, inquiry-based learning model, which encourages students to explore scientific concepts through experiments and real-world applications, fostering critical thinking and problem-solving skills. The curriculum presents scientific principles in a structured, clear manner, ensuring students build a solid foundation while progressing to more complex topics. Additionally, it integrates a Christian worldview, encouraging students to view science as a way to better understand God's creation. With its focus on interactive learning, critical analysis, and spiritual reflection, the BJU Press 6th Grade Science curriculum provides a well-rounded and intellectually stimulating educational experience.

1. Comprehensive Scientific Coverage

- The curriculum provides a thorough exploration of physical science, life science, and earth science, ensuring students gain a well-rounded understanding of key scientific concepts.

2. Inquiry-Based Learning Approach

- BJU Press emphasizes hands-on experiments and investigations, allowing students to engage actively with the material. This approach fosters critical thinking and problem-solving skills by encouraging real-world exploration.

3. Integration of Christian Worldview

- The curriculum incorporates a Christian perspective, helping students understand science as a way to explore and appreciate God's creation, providing a moral and ethical context for their studies.

4. Clear, Structured Lessons

- Lessons are organized in a logical, step-by-step format, allowing students to build on previously learned concepts and progress systematically through more complex scientific ideas.

5. Focus on Scientific Method

- The curriculum promotes the scientific method, encouraging students to ask questions, form hypotheses, and conduct experiments. This methodical approach teaches them to analyze data and draw evidence-based conclusions.

6. Development of Critical Thinking Skills

- The curriculum challenges students to think critically by encouraging them to question, analyze, and evaluate scientific concepts. This enhances their ability to apply knowledge to new situations and develop solutions.

7. Hands-On Learning and Experiments

- With a focus on interactive activities, students conduct experiments that reinforce the scientific concepts being taught, making learning more engaging and memorable.

8. Progressive Vocabulary Development

- The curriculum introduces scientific vocabulary in context, helping students develop the language needed to understand and communicate scientific ideas clearly and accurately.

9. Regular Assessments and Review

- Frequent quizzes, assessments, and review activities ensure that students are mastering key concepts. These evaluations help teachers identify areas for improvement and provide ongoing feedback for student growth.

6TH GRADE SOCIAL STUDIES CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

By examining the themes of social studies—commonality and diversity, conflict and cooperation, continuity and change, individualism and interdependence, and interaction with the environment—we can discern that God has a plan He is carrying to completion, and history records the progress of that plan. Through the study of history and geography, students can gain a deeper understanding of the world and become actively engaged citizens.

COURSE OBJECTIVE:

The BJU Press 6th Grade Heritage Studies curriculum aims to provide students with an understanding of world history by focusing on ancient civilizations such as Mesopotamia, Egypt, Greece, Rome, and China. It promotes a Christian worldview, exploring how biblical principles relate to the rise and fall of civilizations. The curriculum encourages critical thinking by analyzing historical events, cultural practices, and the impact of geography. It also fosters an appreciation for diverse cultures and their contributions to the modern world, helping students recognize God's sovereignty in history and understand their role in the world. Overall, it engages students in exploring the past while deepening their understanding of God's plan in history.

RESOURCES/TEXTBOOK:

1. The Bible
2. Heritage Studies 6: Ancient Civilizations, 4th ed. (BJU Press)

TIME ALLOTMENT: 50 minutes per day, 5 days a week, 2 semesters

COURSE CONTENT:

- Mesopotamia
- Ancient Egypt
- Ancient Israel
- Ancient India
- Ancient China
- Ancient Greece and Rome
- The Byzantine Empire
- Middle Ages in Europe
- Mesoamerica

AREAS TO BE EVALUATED:

- Class Participation
- Class Assignments and Projects
- Homework Assignments
- Student Worksheets
- Tests
- Quizzes

WHY DID EA CHOOSE BJU PRESS SOCIAL STUDIES CURRICULUM FOR 6TH GRADE?

The BJU Press 6th Grade Heritage Studies curriculum provides a thorough and engaging exploration of world history, geography, and civics, helping students understand the interconnectedness of global events and cultures. One of its key strengths is its integration of historical content with geographical and cultural studies, fostering a deeper understanding of how geography and human experiences shape historical events. The curriculum emphasizes critical thinking and encourages students to analyze historical events, figures, and societal changes, promoting intellectual engagement and reflective learning. Additionally, it incorporates a Christian worldview, offering a moral and ethical perspective on historical narratives and encouraging students to view history through the lens of faith.

1. Comprehensive World History Coverage

- The curriculum provides an in-depth study of world history, from ancient civilizations to modern times, ensuring students gain a broad understanding of global historical events and their significance.

2. Integration of Geography and Culture

- Geography is seamlessly integrated into the study of history, helping students understand the role of physical landscapes in shaping cultural and societal development throughout time.

3. Critical Thinking and Analysis

- The curriculum challenges students to think critically about historical events, figures, and societal changes, encouraging them to analyze, evaluate, and form their own interpretations of history.

4. Christian Worldview Integration

- A Christian perspective is woven throughout the curriculum, enabling students to view history through the lens of faith, helping them understand the moral and ethical implications of historical events.

5. Clear, Structured Content Delivery

- The curriculum is organized in a logical, progressive manner, with each unit building on prior knowledge, ensuring students develop a deep and coherent understanding of history.

6. Focus on Citizenship and Ethical Reflection

- Emphasis is placed on the development of good citizenship, encouraging students to reflect on their responsibilities as members of society and to consider the ethical lessons that can be learned from history.

7. Engaging Activities and Projects

- The curriculum includes various activities, projects, and simulations that actively involve students in their learning, encouraging hands-on engagement and deeper exploration of historical topics.

8. Development of Research and Writing Skills

- Students are encouraged to conduct research, analyze primary sources, and present findings in written and oral formats, helping them develop essential academic skills such as research and effective communication.

9. Frequent Assessments and Reviews

- Regular quizzes, assessments, and review activities ensure that students are mastering key concepts. These evaluations provide ongoing feedback for both students and teachers, helping to guide further instruction.

6TH GRADE ENGLISH & LITERATURE CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

The language arts are grounded in the understanding that God is a communicative God. His desire is for us to comprehend and obey His spoken and written Word, and He has bestowed upon us the ability to communicate with each other. We aspire to cultivate this gift to become effective communicators through a robust emphasis on reading, writing, listening, and speaking.

COURSE OBJECTIVE:

The objective of the sixth grade language arts curriculum is a focus on mastering the art of reading. Students will engage in creating a variety of written expressions, including narratives, reports, letters, and poems. Rigorous instruction in spelling, grammar, and penmanship will play a crucial role in nurturing the essential skills required for proficiency in both reading and writing, ensuring students' success and effectiveness in these fundamental language competencies.

RESOURCES/TEXTBOOK:

1. The Bible
2. English (Shurley English)
 - Grammar
 - Writing
3. Literature
 - Novel Units (Progeny Press)
Possible Novel Units Include: *Among the Hidden*; *The Magician's Nephew*; *Roll of Thunder, Hear My Cry*, *The Horse and His Boy*, *The Westing Game*

TIME ALLOTMENT:

- English: 50 minutes per day, 5 days per week, 2 semesters
- Literature: 50 minutes per day, 3 days per week, 2 semesters

COURSE CONTENT:

- Reading
- Writing
- English
- Penmanship

AREAS TO BE EVALUATED:

- Class Participation
- Class Activities and Assignments
- Homework
- Teacher Observations
- Tests
- Quizzes
- Reports

WHY DID EA CHOOSE SHURLEY ENGLISH AND PROGENY PRESS FOR LITERATURE FOR 6TH GRADE?

The Shurley English and Progeny Press for Literature programs offer unique strengths for 6th-grade students, complementing one another to enhance both language arts and literary skills. Shurley English is particularly effective in providing a structured, systematic approach to grammar and writing, helping students build a solid foundation in sentence structure, parts of speech, and effective communication. Its engaging, interactive method through the use of jingles and practice exercises promotes retention and mastery of essential language concepts. On the other hand, Progeny Press provides a comprehensive approach to literature by guiding students through thoughtful analysis of age-appropriate novels, fostering critical thinking and deeper comprehension. Its emphasis on literary elements, character development, and moral lessons aligns well with the curriculum, encouraging students to connect with the text and explore themes more deeply. Together, these programs offer a well-rounded approach to language arts, building students' writing and reading skills while encouraging analytical and reflective thinking.

1. Structured Grammar Instruction

- Shurley English provides a clear, step-by-step progression in grammar, reinforcing sentence structure, parts of speech, and punctuation rules in a methodical way that builds students' foundational skills.

2. Engagement Through Music and Movement

- The use of catchy jingles and interactive exercises helps students retain grammar rules more effectively by engaging multiple senses and making learning enjoyable.

3. Rigorous and Comprehensive Writing Skill Development

- Shurley English goes beyond grammar by focusing on writing mechanics, sentence composition, and organization, encouraging students to express themselves clearly and coherently in their writing.

4. Comprehensive Literature Analysis

- Progeny Press offers detailed literary analysis that helps students engage deeply with the text, developing critical thinking and analytical skills as they explore literary elements such as plot, character, theme, and setting.

5. Focus on Moral and Thematic Insights

- Each study guide from Progeny Press emphasizes the moral lessons and underlying themes of the texts, fostering reflection on personal values and broader societal issues.

6. Critical Thinking and Discussion

- Progeny Press encourages thoughtful discussions through open-ended questions that prompt students to form their own opinions and justify their responses, strengthening their reasoning and articulation.

7. Clear and Progressive Learning Objectives

- Both Shurley English and Progeny Press follow a clear set of progressive learning objectives that ensure students master concepts at an appropriate pace and level, avoiding gaps in knowledge.

8. Preparation for Higher-Level Language Arts

- Both programs are designed to prepare 6th graders for more advanced language arts topics, with Shurley English strengthening their grammar and composition skills, while Progeny Press builds their literary analysis and interpretation abilities.

9. Integration of Reading and Writing Skills

- The combination of grammar instruction from Shurley English and literature analysis from Progeny Press encourages students to integrate their reading comprehension and writing skills, fostering a holistic approach to language arts that supports academic growth across disciplines.

6TH GRADE HEALTH & P.E. CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

God's Word says in 1 Corinthians 9:24-25, 'Do you not know that in a race all the runners run, but only one gets the prize? Run in such a way as to get the prize. Everyone who competes in the games goes into strict training. They do it to get a crown that will not last, but we do it to get a crown that will last forever.' This biblical passage forms the foundation of our approach to physical education and athletics. Physical education serves as a tool to foster attitudes toward a personal commitment to health, physical activity, and lifetime fitness, all of which glorify and honor God.

COURSE OBJECTIVE:

The objective of this course is for students to experience various games and activities while developing gross motor skills and becoming more aware of the importance of physical fitness. Students will also learn about the components of living a healthy lifestyle that brings glory and honor to God.

RESOURCES/TEXTBOOK:

1. The Bible
2. Health, Safety, and Manners 6 (Abeka)
3. Various Health and PE Equipment

TIME ALLOTMENT: 30 to 45 minutes, 2 days per week, 2 semesters

COURSE CONTENT:

- Obstacle Courses
- Movements and Music
- Games
- Basketball Skills
- Kickball Skills
- Soccer Skills
- Stunts and Tumbling Activities
- Jump Rope Skills
- President's Fitness Testing

AREAS TO BE EVALUATED:

- Class Participation

EVERGREEN ACADEMY

Educating Students...Training Leaders...Commissioning Warriors

6TH GRADE MUSIC CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

Music holds a crucial place in the life of a Christian. It serves as the translation of ideas, feelings, and experiences into audible expressions before our Lord. As the Bible emphasizes, we are created and called to 'Sing to the Lord, all the earth; proclaim the good news of His salvation from day to day...' (1 Chronicles 16:23). Within the realm of music, students will consistently be encouraged to observe, explore, and respond to the glory of God and His creation through singing, listening, moving, and playing instruments.

COURSE OBJECTIVE:

The objective of the elementary music program is to guide students in general music, choral music, and instrumental music, aligning seamlessly with the Oklahoma Academic Standards.

RESOURCES/TEXTBOOK:

1. The Bible
2. Selected Song Books
3. Instruments
4. Rhythm instruments
5. Various multi-sensory materials
6. Various music CDs

TIME ALLOTMENT: 30 to 45 minutes per day, 1 to 2 days per week, 2 semesters

COURSE CONTENT:

- Elements of Music
- Listening and Understanding
- Songs
- Language of Music
- Music History and Culture
- Music Expression
- Music Appreciation

AREAS TO BE EVALUATED:

- Class Participation

EVERGREEN ACADEMY

Educating Students...Training Leaders...Commissioning Warriors

6TH GRADE ART CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

Art is based on the truth that God is the Supreme Creator and is interested in beauty (Genesis 1:1). His original creation is both artful and awe-inspiring. Christians are to understand and appreciate the beauty of God and utilize their imaginations to create works that reflect his nature and inspire worship.

COURSE OBJECTIVE:

The objective of this course is for students to explore and experience various mediums, while studying art history including artists, works of art, and movements. Students will also become familiar with color theory, the elements of art, principles of design and artistic concepts and techniques. Integrating God's word will help students grasp that God is a God of beauty.

RESOURCES/TEXTBOOK:

1. The Bible
2. Various Art Resource Books & Prints
3. Drawing paper
4. Graphite, oil pastels, charcoal, drawing materials
5. Various types of paints and related materials

TIME ALLOTMENT: 30 to 45 minutes per day, 1 to 2 days per week, 2 semesters

COURSE CONTENT:

- Art from Long Ago
- Elements of Art
- Kinds of Pictures: Portrait and Still Life
- Sculpture

AREAS TO BE EVALUATED:

- Class Participation
- Art Projects and Drawings

6TH GRADE SPANISH CURRICULUM GUIDE

PHILOSOPHY STATEMENT:

The study of Spanish is not only an academic pursuit but a means to enrich students' understanding of God's diverse creation. In our Spanish program, we aim to cultivate a love for language that reflects the beauty of God's world and fosters meaningful connections with people from different cultures. Through language acquisition, students are encouraged to develop empathy, communicate effectively, and engage with others in a Christlike manner. We strive to create an environment where students grow in their ability to speak, read, and write in Spanish while deepening their appreciation for the richness of God's global family

COURSE OBJECTIVE:

The objective of our sixth-grade Spanish course is to build on prior knowledge while deepening students' understanding of God's creation and the role of language in connecting people. Students will expand vocabulary, practice complex sentence structures, and engage in conversations across listening, speaking, reading, and writing. They will explore the cultural, historical, and spiritual aspects of Spanish-speaking countries, fostering respect and empathy. By the end of the year, students will confidently communicate in Spanish and demonstrate a Christ-centered perspective in their interactions.

RESOURCES/TEXTBOOK:

1. The Bible
2. Various Spanish Resource Books
3. Various Spanish Worksheets
4. Various Spanish Songs
5. Teacher Created Material/Resources

TIME ALLOTMENT: 30 to 45 minutes, 1 day a week, 2 semesters

COURSE CONTENT:

- Introduction to Spanish and Greetings
- Numbers, Dates, and Telling Time
- People and Objects
- Family and Relations
- Food and Meals
- Weather and Seasons
- Places Around Town and Directions
- Shopping and Money

AREAS TO BE EVALUATED:

- Class Participation
- Drawings
- Projects
- Reports
- Teacher Observations
- Worksheets
